

THE DESIGNER VANITY COLLECTION - LINEAR

THE DESIGNER VANITY COLLECTION - LINEAR

Finishes

- GFRC off the form mix is used for most of our vanity tops that have inbuilt basins
- ECC Trowel mix can be used for vanity tops that DO NOT have inbuilt basins
- Polished Aggregate Terrazzo is also available for vanity tops that DO NOT have inbuilt basins
- All vanity tops are sealed with a Satin penetrative sealer

Weight:

- Vanity tops weight approx 45kg / m² plus allow an additional 8kg each for the basin

Options:

- Optional Pop-up plug and wastes
- Option for wall brackets for support if required
- Once completed - Pickup from our workshop
 - Packing and Freight can be arranged
 - Depending on your location and size we can arrange site check, delivery and installation

Notes:

- 12 month structural warranty
 - stain resistant - harsh chemicals when left on the concrete top may affect the sealer coating
- To avoid staining it is important to rinse off basin and vanity top after use and remove all toothpaste, creams and liquids to avoid damage
